

**University of Georgia
Department of Genetics**

Application for GENE Research Course Approval with a Genetics Faculty Sponsor

Instructions: All students who wish to enroll in a supervised research course with a Genetics faculty member must return this form to Hayley Felts, B107 Davison Life Sciences, for permission to register. If you are taking an Honors course, you must still submit this form to Ms. Felts, but Honors will provide permission to register.

Note: Use this form only if you are doing a research course under the supervision of a faculty member who is either a regular or adjunct member of the Department of Genetics (see the Department of Genetics website for a list).

STUDENT INFORMATION

Student Name: _____ **81#:** _____

Semester of Research: _____ **UGA email address:** _____

Please indicate the specific course for which you are requesting credit:

GENE 4960	GENE 4970	GENE 4980
GENE 4960H	GENE 4970H	GENE 4980H

Number of Hours in Lab per Week*: _____ Check Number of Credit Hours: (3) (4)

* A minimum of 3 hours of work in the lab is required for each credit hour requested.

Students who complete the thesis sequence of GENE 4960, GENE 4970 and GENE 4990 (or the Honors equivalents) under the supervision of the same faculty sponsor, and submit a thesis, will satisfy the Genetics major lab requirement. A single GENE 4960 will count as a major elective but will not count towards the lab requirement.

Brief Project Description:

FACULTY SPONSOR INFORMATION

Faculty Sponsor Name: _____ **Telephone:** _____

Department: _____ **Email address:** _____

Is the faculty a regular or adjunct member of the Department of Genetics? Yes No

Students must complete a capstone project in order to fulfill the requirements for a research course. Examples of acceptable capstones projects include a written report, an oral presentation, or a poster. Faculty sponsors of undergraduate research will be asked to complete an assessment of the student's work.

"I understand that a capstone project is required for all students completing a Genetics research course."

Faculty Sponsor's Initials: _____
