University of Georgia
Department of Genetics
Application for GENE Research Course Approval with a Genetics Faculty Sponsor

Instructions: *All students who wish to register for a supervised research course with a Genetics faculty member must return this form to Hayley Felts, B107 Davison Life Sciences, one day before the last day of the Drop/Add period in the semester in which the research will be completed. If you are taking an Honors course, you must still submit this form to Ms. Felts, but Honors will provide permission to register.*

Note: *Use this form only if you are doing a research course under the supervision of a faculty member who is either a regular or adjunct member of the Department of Genetics (see the Department of Genetics website for a list).*

_____

STUDENT INFORMATION

Student Name: _____   **81#:** _____

Semester of Research: _____   **UGA email address:** _____

Please indicate the specific course for which you are requesting credit:

GENE 4960	GENE 4970	GENE 4980
GENE 4960H	GENE 4970H	GENE 4980H

Number of Hours in Lab per Week*:   Check Number of Credit Hours: (3)   (4)

* A minimum of 3 hours of work in the lab is required for each credit hour requested.

Students who complete the thesis sequence of GENE 4960, GENE 4970 and GENE 4990 (or the Honors equivalents) under the supervision of the same faculty sponsor, and submit a thesis by the deadline, will satisfy the Genetics major lab requirement. A single GENE 4960 will count as a major elective but will not count towards the lab requirement.

_____

Brief Project Description:

_____

FACULTY SPONSOR INFORMATION

Faculty Sponsor Name: _____   **Telephone:** _____

Department: _____   **Email address:** _____

Is the faculty a regular or adjunct member of the Department of Genetics?   Yes   No

Students must complete a written report describing the semester's research activities in order to fulfill the requirements for a research course. The format of the written report will be determined by agreement between the research mentor and the student. The report should be reviewed by the faculty research mentor and must be submitted as a PDF to Ms. Hayley Felts by 5:00 p.m. on the last day of finals. Faculty sponsors of undergraduate research will be asked to complete an assessment of the student's work.

"I understand that a written project report is required for all students completing a Genetics research course."
